Training under the Entomologist & at the Public Health Institute. From the Sanitary Comm's letter no C.33-11 & 19.1.1927 & its enclosure it is seen that the training is to be for one month under the entomologist & two months ~~and~~ in the P.H. Institute. If the training is begun in March next it will be over ~~by May~~ before 1st of June when the survey commences. But as the posts have been abolished, the question of finding funds to meet the cost of these officers during the period of training will have to be settled. The total cost involved will be Rs 1830 as noted below:

1.	Mr Mahomed Ali Khalal	Rs 130 Pay
2.	" J.J Simon	Rs 110
3.	" V Krishna Murthi	" 130
4.	" D. Narsaiah	" 120 and
5.	" Mr. Muniswamy	" 120
	Total	610 per mensem
		Rs 1,830 for 3 months

No. PC 524-5

Enc....

Office of the Sanitary Commissioner
with the Government of Mysore,

Bangalore, dated 16th February 1927.

San 1-26-50

From

B. Mahomed Usmon, Esq., L.M.& S.,
Sanitary Commissioner with the Government of
His Highness the Maharaja of Mysore, Bangalore.

To

R. Ranga Rao, Esq., B.A.,B.L.,
General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

Adverting to para 6 of Government Order No. G.7128/49 San. 1-26-35 dated the 24th December 1926, calling for proposals about the officers to be deputed for work under the Representative of the International Health Board in connection with the Health Survey of the State, I have the honor to invite kind reference to my letter No. C. 33-11 dated the 19th January 1927 proposing that the five Sub Assistant Surgeons who are now Chief Sanitary Inspectors may be impressed for this work after a short course of training under the Entomologist as well as in the Public Health Institute.

2. In regard to the posting of an Assistant Surgeon I request permission to advertise the appointment in the Mysore Gazette and a few of the local papers. To my knowledge there are about half-a-dozen Medical Graduates awaiting employment and it ought to be possible to find a really good man with a prediliction for scientific work of this nature, from among them. The appointment will be temporary and terminable with a month's notice. The pay may be fixed at Rs 100/- per mensem. This arrangement is suggested as, the Medical Department being short-handed in Assistant Surgeons and Medical Graduates, it is impossible to spare an officer from the regular cadre.

3. Seeing that the Health Survey work will be started only in July next, due provision on this account will be inserted

For the approval of Government in the Budget Estimates for 1927-28.

I have the Honor to be,

Sir,

Your most obedient servant,

W Monro

Enc.....

Office of the Sanitary Commissioner
with the Government of Mysore,

Bangalore, dated the 3 March 1927

Rm 7/61

From

B. Mahomed Usmon, Esq., L.M. & S.
Sanitary Commissioner with the Government of
His Highness the Maharaja of Mysore, Bangalore.

To

R. Ranga Rao, Esq., B.A.,B.L.,
General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to the correspondence ending with Government Order No. G. 8370-5/San. 3-26-10 dated the 8th February 1927, I have the honor to request the favor of early orders being obtained on the proposals submitted in paras 2 to 4 of this office letter No. C. 33-11 dated the 19th January 1927 in regard to the withdrawal of the Chief Sanitary Inspectors of districts from their present charge

As already reported in para 5 of the same letter, the appointment of the District Medical Officers as ex-officio District Sanitary Officers will take effect on receipt of orders in regard to these proposals.

I have the honor to be,

Sir,

Your most obedient servant,

M Usmon

Sanitary Commissioner. M.G.

A.R.M.

Subd

An extract of para 2 to 4 of this Sanitary Commr's letter dt 19.1.27 has been taken separately for actions. The question of finding funds for the training of Chief Sanitary Inspectors with medical training is under consideration. The question of providing places to non medical Chief Sanitary Inspectors has been

Department of Public Health in Mysore.

No..933-27

Enc....

Office of the Sanitary Commissioner with the Government of Mysore,

Bangalore, dated the 14th March 1927.

Very urgent

From

B. Mahomed Usmon, Esq., L.M. & S.,
Sanitary Commissioner with the Government of
His Highness the Maharaja of Mysore, Bangalore.

To

R. Ranga Rao, Esq., B.A.,B.L.,
General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No. G.10046/San. 3-26-17 dated the 11th March 1927 enquiring - in connection with the question of deputing the Chief Sanitary Inspectors for work under the Representative of the International Health Board, - what vacancies there are in the Medical Department and why the Department should be short-handed, I have the honor to state that the existing vacancies that have to be immediately filled up in the Department are all on the initial pay of the grade, viz: Rs 50/- per mensem. The vacancies that occurred when the existing Chief Sanitary Inspectors were drafted to the Sanitary Department have all been permanently filled up with the sanction of Government. It is not possible therefore to displace the present incumbents and reabsorb the Chief Sanitary Inspectors to their places.

2) Moreover, one of the Chief Sanitary Inspectors - Mr. Md. Ali Khaleel - would have been appointed Assistant - Surgeon in the usual course, had he continued to remain in the Medical Department. As a matter of course, he preferred his claims for promotion to the Assistant Surgeons' grade but as he was out of the Department proper, no consideration could be given to his case and Mr. Singaravelu was accordingly appointed to the vacancy. If Mr. Khaleel has to be taken back now, he will in fairness be entitled to an Assistant Surgeon's place.

3. Next, -

5

3) Next, taking the case of other four Chief Sanitary Inspectors, it will be kindly observed from the statement submitted with this office letter No. C. 33-11 dated the 19th January 1927, that one of them is getting Rs 130/-, two are in receipt of a pay of Rs 120/- and the last is drawing a pay of Rs 110/- in the grade of Rs 100-10-150. Their withdrawal to the Medical Department on this same pay would amount to allowing an interuption of their work and their interest in the Department for 5 years to - afford them the advantage of a much higher pay over their compeers who have continued to remain within the Department. On the other hand, the fixing of a lower pay to the Chief Sanitary Inspectors, with a supplementary personal allowance, would be equally hard to the latter who were definitely attached to a grade carrying a maximum pay of Rs 150/-.

5) A no less important consideration is that while the usefulness which these officials have attained in the sanitary line during these 5 years will be lost to the Department by their resumption of medical duties proper, they would themselves require some time to recover their efficiency as medical subordinates.

6) It was after carefully weighing all these facts that I submitted my proposals for utilising these men for the furtherance of an important work proposed by Government to be initiated in the Sanitary Department. I venture to say that a year's development and progress of work on the new lines would reveal to us better whether these men are - indispensable for sanitary work or could be taken back to the Medical Department.

I have the honor to be,

Sir,

Your most obedient servant,

W W Smith

Senior Surgeon &

Sanitary Commissioner, M.G.

A.R.M.

sanction to the above proposal and to advetising the post of [illegible] Assistant Surgeon on Rs. 150/- per mensem.

Order No. G 10583-5

Bangalore, 29th March 1927.

The proposals of the Sanitary Commissioner about posting five of the Chief Sanitary Inspectors [illegible] to assist in the Health Survey, and about the preliminary training to be given to them, are approved. The Sanitary Commissioner is requested to make immediate arrangements to start their training.

1. Mr. Md Ah' Khaleel
2. " J.J. Simon
3. " H Krishna Murthi
4. " D. Narsing
5. " M. Ramaswamy.

As regards the proposal of the Sanitary Commissioner to advertise the post of the temporary Assistant Surgeon required for the Health Survey, Government are pleased to direct that an Assistant Surgeon in service may be posted for this work, and the temporary vacancy thus caused in the cadre of Assistant Surgeons be filled, if necessary, by promoting one of the Medical Graduates.

(Subject to approval)

As the places of all the Chief Sanitary Inspectors have been abolished, the source for meeting the cost of pay of these officers during their training may be pointed out for the orders of Government.
